Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth. If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charging you as moderate a price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the paths at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bender. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bicycle, at as low a rate as charged by other places for old skates.

WOMEN WHO WORK

Need Strong, Vigorous Nerves.

DR. A. W. CHASE'S NERVE PILLS

The life of women and girls who work is at best a hard one and even under the most favorable circumstances the results often show shattered nervous systems and broken down health. To meet the conditions required of her, to sustain the extra strain and nervous tension of duties never intended for her in the plan of nature, she must use every endeavor to preserve the vitality of her nerves and the regularity of the female functions. No remedy ever offered the world has accomplished the wonderful results obtained from the use of Dr. A. W. Chase's Nerve Pills. By supplying the nerves and blood with the elements necessary to their life and activity, they cause a steady increase of natural strength to both body and mind, brighten the eyes, clear the complexion and instead of a depressed, worn-out feeling, there will be one of buoyancy and life. Dr. A. W. Chase's Nerve Pills make life worth living.

Mrs. Anna Doretz, of No. 919 Cleveland Avenue, Niagara Falls, N. Y., says: "I was overtaxed with work and completely tired out. I used to go to bed to think and worry and could not sleep as a result and I was nervous during the day. Hearing of the good effects of Dr. A. W. Chase's Nerve Pills in such affections I determined to try them. I got a box and they were a complete success. They toned me up quickly, I got over the nervousness and sleep finely and restful again. I am sure I am glad to recommend them." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package. For sale by H. P. Dunn & Co., Central Drug Store, Nat'l Bank Bldg., Brainerd, Minn.

KNIGHT TEMPLAR SERVICE

At First M. E. Church Largely Attended and a Powerful Sermon Was Preached

by Rev. H. W. Knowles.

Yesterday afternoon at 3 o'clock the annual Easter services of the Knights Templar were held at the First M. E. church. A large number of the members of Ascalon commandry turned out and the church was packed with others who also gathered. Rev. H. W. Knowles preached a powerful sermon and the music was especially well rendered. Mrs. J. E. Goodman rendered two solos, one before and one after the sermon.

MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

The seat sale for the Uncle Tom's Cabin performance opens Wednesday morning at Dunn's drug store.

The survival of "Uncle Tom's Cabin" at the dawn of the 20th century is something to marvel over; renovation of the old play by Manager Washburn of the Stetson company is a new pictorial dress with up-to-date methods plentifully displayed throughout its half-a-dozen acts, furnishes ample proof that "Uncle Tom's Cabin" is still potent. The presenting company in some instances is a double one and contains the names of numerous well known people. The street parade is said to be the longest ever given by a theatrical company.

"A ROYAL SLAVE."

Mr. Harry Gordon, in introducing, "A Royal Slave" at the Brainerd opera house on Saturday night to the patrons of the theatre, promises, that this production is a distinct departure from all others that have been presented in Brainerd.

"A Royal Slave" was taken from an actual occurrence, the scenes being reproduced from photographs of old Mexico around which play was written. The characters of "Agulita," "El Captain," a noted bandit and "Jual Alverex," figure in many parts of Mexican history. The cast has been carefully selected, the members being especially engaged for their respective roles.

There will also be a matinee on Saturday afternoon at 2:30 o'clock, the prices being 15 and 25 cents.

"A LITTLE OUTCAST."

Mr. E. J. Carpenter's scenic production which he calls "A Little Outcast" and which is now in its third season, comes to the Brainerd opera house on May 1. It might be just as well the name of a bonanza gold mine as of a theatrical company. Not only has the production paid out a great deal of money, but its story is as romantic and interesting as any of the tales connected with properly conducted gold mines and is making a snug little fortune for its owners.

Must Change Names.

Several towns in Beltrami county located on the M. & I. railway, north of Bemidji, are affected by a bill recently passed by congress which compels railway companies to name their stations according to the names given them by the postoffice department and under which they are incorporated as villages or cities. The town at the junction of the M. & I. and the Kelliherspur, which is designated by the railway company as "Hovey Junction" and by the postoffice department as "Funkley," will be known as "Funkley" after July 1, when the law goes into effect. Haupt, also on the line of the M. & I., is called "Dexter" by the railway company, and the company will be required to change the name to conform to that given the town by the postoffice department.—Bemidji Pioneer.

NORTHERN LEAGUE

There is some delay in getting out the Northern league schedule, and it will not be given to the public until the committee will have an opportunity of consulting with J. M. Lamb, of Winnipeg, one of the schedule committee who has been east on business. The committee has a new proposition to deal with since the addition of the St. Cloud-Brainerd team.

A likeness of Ed Fardel, signed with the St. Cloud-Brainerd team, appeared in the Minneapolis Tribune.

It is now just a little over three weeks before the first league game will be played in Brainerd.

Critics up to date concede that Manager White has collected a bunch of pennant winners and the team looks exceptionally good so far, in fact, better than anything in the league.

St. Cloud will have a new baseball park, thoroughly up to date.

Mr. J. M. Lamb, business manager of the Winnipeg baseball club, has returned from a trip to various American and eastern Canadian cities. While Mr. Lamb was on business other than baseball, he met Manager Wilson in St. Paul and otherwise attended to the affairs of the Maroons. The various players under contract, numbering about 15 to date, have all been ordered to report here on May 4.—Winnipeg Free Press.

A GREAT WEAPON.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon. To fight backache—The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following: Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says: "Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

Sold for 50 cents a box by H. P. Dunn & Co., and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth. If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charging you as moderate a price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the paths at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bander. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bicycle, at as low a rate as charged by other places for old skates.

Mrs. Anna Doretz, of No. 919 Cleveland Avenue, Niagara Falls, N. Y., says: "I was overtaxed with work and completely tired out. I used to go to bed to think and worry and could not sleep as a result and I was nervous during the day. Hearing of the good effects of Dr. A. W. Chase's Nerve Pills in such affections I determined to try them. I got a box and they were a complete success. They toned me up quickly, I got over the nervousness and sleep finely and restful again. I am sure I am glad to recommend them." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

KNIGHT TEMPLAR SERVICE

At First M. E. Church Largely Attended and a Powerful Sermon Was Preached

by Rev. H. W. Knowles.

Yesterday afternoon at 3 o'clock the annual Easter services of the Knights Templar were held at the First M. E. church. A large number of the members of Ascalon commandry turned out and the church was packed with others who also gathered. Rev. H. W. Knowles preached a powerful sermon and the music was especially well rendered. Mrs. J. E. Goodman rendered two solos, one before and one after the sermon.

MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

The seat sale for the Uncle Tom's Cabin performance opens Wednesday morning at Dunn's drug store.

The survival of "Uncle Tom's Cabin" at the dawn of the 20th century is something to marvel over; renovation of the old play by Manager Washburn of the Stetson company is a new pictorial dress with up-to-date methods plentifully displayed throughout its half-a-dozen acts, furnishes ample proof that "Uncle Tom's Cabin" is still potent. The presenting company in some instances is a double one and contains the names of numerous well known people. The street parade is said to be the longest ever given by a theatrical company.

"A ROYAL SLAVE."

Mr. Harry Gordon, in introducing, "A Royal Slave" at the Brainerd opera house on Saturday night to the patrons of the theatre, promises that this production is a distinct departure from all others that have been presented in Brainerd.

"A Royal Slave" was taken from an actual occurrence, the scenes being reproduced from photographs of old Mexico around which play was written. The characters of "Agulia," "El Captain," a noted bandit and "Jual Alverex," figure in many parts of Mexican history. The cast has been carefully selected, the members being especially engaged for their respective roles.

There will also be a matinee on Saturday afternoon at 2:30 o'clock, the prices being 15 and 25 cents.

"A LITTLE OUTCAST."

Mr. E. J. Carpenter's scenic production which he calls "A Little Outcast" and which is now in its third season, comes to the Brainerd opera house on May 1. It might be just as well the name of a bonanza gold mine as of a theatrical company. Not only has the production paid out a great deal of money, but its story is as romantic and interesting as any of the tales connected with properly conducted gold mines and is making a snug little fortune for its owners.

Must Change Names.

Several towns in Beltrami county located on the M. & I. railway, north of Bemidji, are affected by a bill recently passed by congress which compels railway companies to name their stations according to the names given them by the postoffice department and under which they are incorporated as villages or cities. The town at the junction of the M. & I. and the Kelliber spur, which is designated by the railway company as "Hovey Junction" and by the postoffice department as "Funkley," will be known as "Funkley" after July 1, when the law goes into effect. Haupt, also on the line of the M. & I., is called "Dexter" by the railway company, and the company will be required to change the name to conform to that given the town by the postoffice department.—Bemidji Pioneer.

NORTHERN LEAGUE

There is some delay in getting out the Northern league schedule, and it will not be given to the public until the committee will have an opportunity of consulting with J. M. Lamb, of Winnipeg, one of the schedule committee who has been east on business. The committee has a new proposition to deal with since the addition of the St. Cloud-Brainerd team.

A likeness of Ed Fardel, signed with the St. Cloud-Brainerd team, appeared in the Minneapolis Tribune.

It is now just a little over three weeks before the first league game will be played in Brainerd.

Critics up to date concede that Manager White has collected a bunch of pennant winners and the team looks exceptionally good so far, in fact, better than anything in the league.

St. Cloud will have a new baseball park, thoroughly up to date.

Mr. J. M. Lamb, business manager of the Winnipeg baseball club, has returned from a trip to various American and eastern Canadian cities. While Mr. Lamb was on business other than baseball, he met Manager Wilson in St. Paul and otherwise attended to the affairs of the Maroons. The various players under contract, numbering about 15 to date, have all been ordered to report here on May 4.—Winnipeg Free Press.

A GREAT WEAPON.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon. To fight backache—The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following:

Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says:

"Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

ON IMPENDING FIGHT

FATE OF THE WHOLE RUSSIAN

PROGRAMME OF REFORM IS
SAID TO BE AT STAKE.

WANT ADMIRAL TOGO TO WIN

LIBERALS WOULD LIKE TO SEE
JAP FLEET DEFEAT THAT
OF ROJESTVENSKY.

St. Petersburg, April 24.—Not only the future of the war in the far East but the fate of the whole programme of internal reform to which Emperor Nicholas stands committed appears to await the issue of the approaching sea battle between Rojostvensky and Togo. The government undoubtedly will be greatly strengthened at least for the moment by a victory decisive enough to change the war situation. The Liberals are impatient at the delay and impatient at every move of the government. They are convinced that, if left alone, the bureaucracy to which the realization of reforms has been commissioned by the emperor will be able, despite the clamor throughout the country, to keep the execution of these reforms in their own hands, which in the end would mean their dissolution by means of an endless labyrinth of commissions. Moreover they believe the emperor may be again persuaded to listen to their representations in favor of the old style of repression of the present agitation. Practically the interior administration is being conducted through a police regime. Already there are everywhere evidences of return to Von Plehve methods. Domestically visits and arrests by scores and hundreds are reported in every part of the empire and meetings of all classes of the people are forbidden and broken up by the police under the direction of the local governors.

Zemstvo Meetings Closed.

Even zemstvo meetings at Vladimir, Elizabetopol, Irel, Tiflis and Llyand have been closed. Of course the government properly argues that it cannot fold its arms and see the flames

of revolution fanned by agitators, but it is noticeable that such spokesmen of reaction as Prince Meatchersky, editor of the Grashadinau, are again boldly proclaiming the doctrine of repression, characterizing the constitutionalists and "intelligentsia" as lunatics.

"Russia has suddenly become a vast lunatic asylum," says the Grashadinau, "and unless the lunatics are locked up and placed out of harm's way there is no prediction where all this idleness will end."

Should Rojostvensky be defeated, on the contrary, the Liberals believe that the bureaucracy would capitulate and that peace and a constitution would come.

Meantime the Easter holidays and May day are awaited with extreme anxiety both by the authorities and the public. The Social Democrats and revolutionaries have planned demonstrations on an extensive scale and undoubtedly many of them are armed with revolvers and bombs which have been smuggled into the country to fight the police and troops in case they should attempt to interfere with the demonstrations. The revolutionaries seem to have plenty of funds, furnished both abroad and by wealthy people in Russia. The wildest rumors of plans of blowing up the members of the imperial family, ministers and palace and of pillage and murder of the nobility and the wealthy are current, and many society people, thoroughly frightened, have already made preparations to go abroad.

Large Reinforcements of Troops.

Large reinforcements of troops and especially of Cossacks have been brought to St. Petersburg. Arrests and searches of the lodgings of suspects continue, but even General Trepoft, although he is taking every measure of precaution, does not seem to know exactly what to expect. That he anticipates trouble and bloodshed is apparent from the fact that he has notified all members to guard against incendiarism and through police officers has warned every family that women and children must remain off the street on May day.

Although disorders more or less serious are anticipated everywhere, Poland and the Baltic provinces probably are the storm center. All the Polish cities are now in a state of minor siege.

There are many disquieting reports of disaffection of troops and the names of regiments, even in the Imperial guards, are given as having been won over to the cause of liberty. Reliable information seems to bear out the alarming accounts of affairs in the Caucasus where, according to private advices just received, the troops are badly fed and ready to mutiny and join the revolutionaries. The reports are that the situation borders on the anarchy with the military practically in control. The troops at Tiflis are rebellious.

FROM CHICAGO TO EUROPE.

John W. Gates Said to Be Planning to Ship Wheat.

Chicago, April 24.—The Tribune says: It is reported that the "ore fleet" of ten whaleback steamers has been sold to Eastern capitalists believed to be John W. Gates and his associates in the May wheat deal, the plan being to ship wheat direct from Chicago to Europe.

CREW PROBABLY DROWNED.

Unknown Schooner Sunk in Bristol Channel by French Warship.

London, April 24.—The French cruiser Racine ran down a schooner in Bristol channel Saturday night. The schooner was cut in two and sank without a trace of her identity. It is supposed the crew drowned.

Blizzard Raging in Colorado.

Denver, April 24.—According to reports received here a heavy storm of rain and snow has practically stopped telegraphic communication to the Pacific coast. The storm reaches from Arizona to Montana. In some sections of Colorado a blizzard is raging.

Delcasse Will Not Resign.

Paris, April 24.—M. Delcasse has informed Premier Rouvier that he will retain the portfolio of foreign affairs.

FATAL AUTO ACCIDENT.

One Man Killed and Two Women Badly Hurt in New York.

New York, April 24.—One man was killed and two women badly hurt when a big sight-seeing automobile crowded with passengers crashed into a high billboard fence at Eighth avenue and Fifty-seventh street during the day. The streets were thronged with Easter promenaders at the time of the accident and police reserves had to be called out to keep the crowd in check. The chauffeur asserts that his machine was struck by an Eighth avenue trolley car, was sidled along the tracks and that in this way he temporarily lost control of the brakes.

The big automobile plunged across the sidewalk and into the fence with great force. Charles P. Koster, twenty-one years old, a business man of New York city, was killed and Miss Anna Finerman, aged eighteen, and Mrs. Angelina Romano, aged fifty-one, were injured. Koster and Miss Finerman were on the front seat of the automobile. They were engaged to be married, the ceremony being set for next week. Mrs. Romeo was seated in a little fruit stand near the fence and when both stand and fence were demolished by the automobile, she was caught and crushed beneath the falling timbers.

DISCORD AMONG STRIKERS.

Garment Workers Break Away From the Teamsters.

Chicago, April 24.—Discord has broken out among the principals in the Montgomery Ward & Co. strike. At a meeting of the Garment Workers' union Sunday night it was decided to break away from the teamsters until the latter organization decides to spread the strike to other establishments. Officials of the garment workers declared that the present sympathetic strike of the teamsters against Montgomery Ward & Co. to enforce the demands of the garment workers was fruitless and that nothing was to be gained by remaining with the teamsters. Should the teamsters decide to extend the strike the garment workers said that they would be glad to again co-operate with them. This decision of the garment workers is likely to put an end to the present controversy as the teamsters have no grievance, having merely quit work in an effort to assist the garment workers, who went on strike last January.

CASTRO NOT AFRAID.

President of Venezuela Would Challenge Fate.

Caracas, Venezuela, April 24.—President Castro, in the course of a speech at Calabazo on April 19, said: "I do not believe there is a possibility of a conflict for the republic; but, if against reason, right and justice, anything is cogitating which I do not wish to qualify, I swear to you I shall know how to draw inspiration from the memory of the valor patriots formerly exhibited on these plains; and if encouragement is wanting, I shall seek it in the indomitable character of the inhabitants of these districts, and so supported challenge fate."

PENDING AN INVESTIGATION.

Mother Held in Jail Until Mystery of Children's Death is Solved.

Columbus, O., April 24.—Mrs. Henry Anthony, aged thirty-two, of Grove City, a suburb, is held at the county jail pending an investigation of the death of her two children by a former marriage, John and Oletha Demorest, aged nine and thirteen years, respectively, who were found dead in bed during the morning.

In the minds of the police the circumstances of the children's death have aroused suspicions of poisoning. The mother claims the children were ill and she gave them quinine.

Father Kills His Son.

Montgomery, Ala., April 24.—W. T. Sheets, aged forty, shot and killed his son Claude in this city during the day. The young man was foreman of a gang of laborers in which his father worked. Saturday the elder Sheets was discharged and blamed the son. The boy had words with his father, who shot him dead.

NOTED ACTOR IS DEAD

JOSEPH JEFFERSON DIES AT HIS HOME AT PALM BEACH, FLA., AFTER LONG ILLNESS.

THE END NOT UNEXPECTED

FAMILY HAD LOOKED FOR DEMISE OF THE THESPIAN SINCE HIS LAST SINKING SPELL.

West Palm Beach, Fla., April 24.—Joseph Jefferson, the eminent actor, died at his home, "The Reefs," at Palm Beach at 6:15 p. m. The end came after a day of unconsciousness and after an heroic struggle of days which had exhausted his vitality. At his death were his wife, his sons, Charles B. and Frank Jefferson; his nurse, Miss Mabel Blingham; Dr. R. R. Potter and his faithful servant, Carl Ketteler.

The end was not a surprise to his family. Ever since his last sinking spell, which came after a rally on Thursday morning and which was followed by an apparent improvement until Friday, the family had been waiting for the end.

The sickness of Mr. Jefferson, which ended in his death, was contracted, it is believed, while on a recent visit to his son, Charles B. Jefferson, at Hobe Sound, a few miles above Palm Beach, where he went to meet his friend, former President Cleveland.

It is believed that from a slight deflection in his eating there he suffered an attack of indigestion.

The body of Mr. Jefferson will be taken to Buzzards Bay on a special train, accompanied by all the members of his family. It will reach New York Tuesday morning and the family hope to reach Buzzards Bay the evening of that day.

Joseph Jefferson was born in Philadelphia, Feb. 20, 1829, and was looked upon as the dean of the dramatic profession in this country. He first appeared on the stage as a child and during his career had played in a number of foreign countries. His great reputation was made in Rip van Winkle, which he played in almost every city in the United States.

RECEIVED WITH SORROW.

People of Buzzards Bay Get News of Joseph Jefferson's Death.

Buzzards Bay, Mass., April 24.—The progress of Joseph Jefferson's last illness was followed anxiously in this, his Cape Cod home, and the announcement of his death was received with genuine sorrow by the townspeople, to whom he had become a familiar figure during fifteen years of summer residence here.

So popular was Mr. Jefferson on Cape Cod that he had served for many years as the president of the Old Colony club. With former President Grover Cleveland he enjoyed many fishing excursions down Buzzards bay and along the brooks of Bourne and Sandwich. His principal pastime, however, was painting.

WITH EXPRESSIONS OF REGRET.

News of Joseph Jefferson's Death Received in New York City.

New York, April 24.—Mr. Jefferson was president of the Players' club in this city and the news of his death was received with expressions of regret on all sides. With Edwin Booth, Lawrence Barrett, A. M. Palmer and several others, Mr. Jefferson signed articles of incorporation of the Players' club in 1888 and he was elected to the board of directors. After the death of Barrett in 1893, Mr. Jefferson was elected president, and has been re-elected to that office at every annual meeting since.

Shock to His Son.

Boston, April 24.—The news of the death of Joseph Jefferson came as a shock to his son, Thomas Jefferson, who was to have opened an engagement here Monday night in the title part of "Rip Van Winkle." The play made famous by his distinguished father.

TRAGEDY FOLLOWS A QUARREL.

Maine Man Wounds His Wife and Kills Another Man and Himself.

Portland, Me., April 24.—Edward Hilton, aged sixty, during the day shot dead George Young, forty-five years old, slashed his wife about the head with a knife, inflicting fatal injuries, and then shot and killed himself.

The tragedy is said by the police to have followed a quarrel between the men regarding Mrs. Hilton.

Aged Man Ends His Life.

Washington, April 24.—A man about sixty-five years old, sparely built, with gray goatee and moustache and white hair, and whom the police authorities are convinced was Edmund P. Capron of St. Louis, committed suicide Saturday at a hotel here by swallowing cyanide of potassium. He evidently ended his life that his wife might be free.

Costly Fire at Camden.

Camden, N. J., April 24.—Fire during the day destroyed the grain elevator of Sutley & Sons, together with a large quantity of grain and several freight cars. Loss, \$150,000.

FOUR PERSONS BALLY HURT.

Trolley Car Runs Away and Jumps the Track.

Dubuque, Ia., April 24.—Thomas Moore was fatally hurt and three persons were severely injured during the day as a result of the rupture of a brake chain on an electric car while descending Hill street. The car contained sixteen passengers. It ran wild for 300 feet, left the track at a curve and tore the front end of a building. Moore, who was standing on the sidewalk, was struck by the car. His hip was broken and he was internally injured.

AMERICAN TREASURY ROBBED.

Wild Story Circulated Throughout Germany and Austria.

Washington, April 24.—All over Austria and Germany a story has been circulated that the United States treasury has been looted of every dollar by burglars in the employ of American millionaires, that \$268,000,000 is gone and that the North Atlantic squadron is chasing the cracksmen, who escaped on five ocean steamers.

This piece of news was printed in the Berlin Tageblatt on April 1, and received general credence, being reproduced in many papers.

Jury at Council Bluffs, Ia., Brings in Verdict for the Defendant.

Council Bluffs, Ia., April 24.—The jury in the Portland mining suit, in which James Doyle brought suit to recover an amount aggregating \$1,000,000, which he alleged was due him for his interest in the Tidal Wave, Bobtail No. 2 and Devil's Own claims, now a part of the property of the Portland Mining company, at midnight brought in a verdict for the defendant, James F. Burns.

INCIDENT REMAINS UNCLOSED.

But Japs Are Pleased With the Action of France.

Tokio, April 24.—The announcement that in response to Japan's representations France has promised the expulsion of the Russian Second Pacific squadron from Kamranh bay and affirmed her determination to maintain neutrality, is received here with pleasure and has relieved the tension of popular feeling, although it is believed that if Rojostvensky entered Kamranh bay for the purpose of finally preparing for a dash north the purpose was accomplished before he was ordered to leave. There is also a suspicion that Rojostvensky may simply make a technical removal from French territorial waters by going outside the three-mile limit. Hence the incident will remain unclosed until the Russians depart from Indo-Chinese waters.

ON JAPANESE SCOUTS.

Russian Squadron Reported to Have Opened Fire.

Paris, April 24.—The minister of colonies confirms the report of the departure of the Russian squadron from Kamranh bay. The Russian admiral, previous to his departure, called on Admiral Jougoules. The meeting of the two admirals was most cordial. A message from Saigon to the Temps reports that the Russian fleet outside of Kamranh bay opened a heavy cannonading, probably on Japanese scouts. The Russian transports Kiel, Jupiter, Kniaz Gortchakoff and Kitai are still at Saigon, the dispatch adds. A private dispatch from Saigon adds that Vice Admiral Rojostvensky is suffering from dysentery, but otherwise the officers and men of the fleet are in the best of health.

RUSSIAN SHIPS AT HAINAN.

Portion of Rojostvensky's Squadron Said to Be There.

London, April 24.—There have been rumors recently that a portion of Rojostvensky's squadron was at Hainan, near the promontory of Lienchau. If these rumors are true, it is supposed the whole squadron may reassemble there and endeavor in Chinese waters to continue coaling and other preparations.

Little attention is paid here to reported movements of the Japanese warships. It is considered that Vice Admiral Togo is not likely to lift the veil of secrecy except for the express purpose of misleading.

OFF CORREGIDOR ISLAND.

Three Japanese Warships Reported in That Vicinity.

Manila, April 24.—Three warships are now off Corregidor island. It is supposed here that they are Japanese vessels. Japanese Consul Marita Gori is hourly expecting the arrival of Vice Admiral Kamimura.

BIG RAILWAY MERGER.

One of the Most Important in the World Being Formed.

Toledo, O., April 24.—The Times says the Hollins-Zimmerman syndicate, in control of the Great Central lines, is gradually acquiring, by purchase or lease, new lines of railway and when their gigantic scheme of mergers is completed they will dominate a system which will be one of the most important in the world. It is possible that some of the deals for purchase now under negotiations will fall, notably that of the Louisville and Nashville railway, but if the deal for outright purchase falls, a traffic deal, providing for through freight and passenger trains between important cities, will be concluded. Thus the Great Central people will build up a community of interests system which will take rank with the Harriman, the Hill and the Vanderbilt communities as one of the chief factors in transportation. It will be a most active competitor of the Vanderbilt system—more so than that of any other system.

The Great Central lines now spread over Ohio, Indiana and Michigan. The Erie railway deal, long rumored and often denied, is to be concluded and the Erie will become a member of the new group of trunk lines. The Erie railway adds Pennsylvania and New York to the states tapped by the system. And the Louisville and Nashville railway deal takes the Great Central from the Great Lakes to the Gulf, adding Kentucky, Tennessee, Georgia, Alabama, Florida and Louisiana to the territory covered.

JAP FLEET DEFEAT THAT
OF ROJESTVENSKY.

St. Petersburg, April 24.—Not only the future of the war in the far East but the fate of the whole programme of internal reform to which Emperor Nicholas stands committed appears to await the issue of the approaching sea battle between Rojostvensky and Togo. The government undoubtedly will be greatly strengthened at least for the moment by a victory decisive enough to change the war situation. The Liberals are impatient at every delay and impatient at every move of the government. They are convinced that, if left alone, the bureaucracy to which the realization of reforms has been commissioned by the emperor will be able, despite the clamor throughout the country, to keep the execution of these reforms in their own hands, which in the end would mean their dissolution by means of an endless labyrinth of commissions. Moreover they believe the emperor may be again persuaded to listen to their representations in favor of the old style of repression of the present agitation. Practically the interior administration is being conducted through a police regime. Already there are everywhere evidences of return to Von Plehve methods. Domestically visits and arrests by scores and hundreds are reported in every part of the empire and meetings of all classes of the people are forbidden and broken up by the police under the direction of the local governors.

Zemstvo Meetings Closed.

Even zemstvo meetings at Ljadov, Elisabethopol, Irel, Tiflis and Viaduta have been closed. Of course the government properly argues that it cannot fold its arms and see the flames

of revolution fanned by agitators, but it is noticeable that such spokesmen of reaction as Prince Mestchersky, editor of the Grashadinau, are again boldly proclaiming the doctrine of repression, characterizing the constitutionalists and "intelligentsia" as lunatics.

"Russia has suddenly become a vast lunatic asylum," says the Grashadinau, "and unless the lunatics are locked up and placed out of harm's way there is no prediction where all this idiosyncrasy will end."

Should Rojostvensky be defeated, on the contrary, the Liberals believe that the bureaucracy would capitulate and that peace and a constitution would come.

Meantime the Easter holidays and May day are awaited with extreme anxiety both by the authorities and the public. The Social Democrats and revolutionaries have planned demonstrations on an extensive scale and undoubtedly many of them are armed with revolvers and bombs which have been smuggled into the country to fight the police and troops in case they should attempt to interfere with the demonstrations. The revolutionaries seem to have plenty of funds, furnished both abroad and by wealthy people in Russia. The wildest rumors of plans of blowing up the members of the Imperial family, ministers and palace and of pillage and murder of the nobility and the wealthy are current, and many society people, thoroughly frightened, have already made preparations to go abroad.

Large Reinforcements of Troops.

Large reinforcements of troops and especially of Cossacks have been brought to St. Petersburg. Arrests and searches of the lodgings of suspects continue, but even General Treppoff, although he is taking every measure of precaution, does not seem to know exactly what to expect. That he anticipates trouble and bloodshed is apparent from the fact that he has notified all members to guard against incendiaries and through police officers has warned every family that women and children must remain off the street on May day.

Although disorders more or less serious are anticipated everywhere, Poland and the Baltic provinces probably are the storm center. All the Polish cities are now in a state of minor siege.

There are many disquieting reports of disaffection of troops and the names of regiments, even in the Imperial guards, are given as having been won over to the cause of liberty. Reliable information seems to bear out the alarming accounts of affairs in the Caucasus where, according to private advices just received, the troops are badly fed and ready to mutiny and join the revolutionaries. The reports are that the situation borders on the anarchy with the military practically in control. The troops at Tiflis are rebellious.

FROM CHICAGO TO EUROPE.

John W. Gates Said to Be Planning to Ship Wheat.

Chicago, April 24.—The Tribune says: It is reported that the "ore fleet" of ten whaleback steamers has been sold to Eastern capitalists believed to be John W. Gates and his associates in the May wheat deal, the plan being to ship wheat direct from Chicago to Europe.

CREW PROBABLY DROWNED.

Unknown Schooner Sunk in Bristol Channel by French Warship.

London, April 24.—The French cruiser Racine ran down a schooner in Bristol channel Saturday night. The schooner was cut in two and sank without a trace of her identity. It is supposed the crew drowned.

Blizzard Raging in Colorado.

Denver, April 24.—According to reports received here a heavy storm of rain and snow has practically stopped telegraphic communication to the Pacific coast. The storm reaches from Arizona to Montana. In some sections of Colorado a blizzard is raging.

Delcasse Will Not Resign.

Paris, April 24.—M. Delcasse has informed Premier Rouvier that he will retain the portfolio of foreign affairs.

FATAL AUTO ACCIDENT.

One Man Killed and Two Women Badly Hurt in New York.

New York, April 24.—One man was killed and two women badly hurt when a big sight-seeing automobile crowded with passengers crashed into a high billboard fence at Eighth avenue and Fifty-seventh street during the day. The streets were thronged with Easter promenaders at the time of the accident and police reserves had to be called out to keep the crowd in check. The chauffeur asserts that his machine was struck by an Eighth avenue trolley car, was skidded along the tracks and that in this way he temporarily lost control of the brakes.

The big automobile plunged across the sidewalk and into the fence with great force.

Charles P. Koster, twenty-one years old, a business man of New York city, was killed and Miss Anna Finerman, aged eighteen, and Mrs. Angelina Romano, aged fifty-one, were injured. Koster and Miss Finerman were on the front seat of the automobile. They were engaged to be married, the ceremony being set for next week. Mrs. Koster was seated in a little fruit stand near the fence and when both stand and fence were demolished by the automobile, she was caught and crushed beneath the falling timbers.

DISCORD AMONG STRIKERS.

Garment Workers Break Away From the Teamsters.

Chicago, April 24.—Discord has broken out among the principals in the Montgomery Ward & Co. strike. At a meeting of the Garment Workers' union Sunday night it was decided to break away from the teamsters until the latter organization decides to spread the strike to other establishments. Officials of the garment workers declared that the present sympathetic strike of the teamsters against Montgomery Ward & Co. to enforce the demands of the garment workers was fruitless and that nothing was to be gained by remaining with the teamsters. Should the teamsters decide to extend the strike the garment workers said that they would be glad to again co-operate with them. This decision of the garment workers is likely to put an end to the present controversy as the teamsters have no grievance, having merely quit work in an effort to assist the garment workers, who went on strike last January.

CASTRO NOT AFRAID.

President of Venezuela Would Challenge Fate.

Caracas, Venezuela, April 24.—President Castro, in the course of a speech at Calabazo on April 13, said: "I do not believe there is a possibility of a conflict for the republic; but, if against reason, right and justice, anything is cogitating which I do not wish to qualify, I swear to you I shall know how to draw inspiration from the memory of the valor patriots formerly exhibited on these plains; and if encouragement is wanting, I shall seek it in the indomitable character of the inhabitants of these districts, and so supported challenge fate."

PENDING AN INVESTIGATION.

Mother Held in Jail Until Mystery of Children's Death Is Solved.

Columbus, O., April 24.—Mrs. Henry Anthony, aged thirty-two, of Grove City, a suburb, is held at the county jail pending an investigation of the death of her two children by a former marriage, John and Oletha Demorest, aged nine and thirteen years, respectively, who were found dead in bed during the morning.

In the minds of the police the circumstances of the children's death have aroused suspicions of poisoning. The mother claims the children were ill and she gave them quinine.

Father Kills His Son.

Montgomery, Ala., April 24.—W. T. Sheets, aged forty, shot and killed his son Claude in this city during the day. The young man was foreman of a gang of laborers in which his father worked. Saturday the elder Sheets was discharged and blamed the son. The boy had words with his father, who shot him dead.

NOTED ACTOR IS DEAD

JOSEPH JEFFERSON DIES AT
HOME AT PALM BEACH, FLA.,
AFTER LONG ILLNESS.

THE END NOT UNEXPECTED

FAMILY HAD LOOKED FOR DEMISE

OF THE THESPIAN SINCE HIS
LAST SINKING SPELL.

West Palm Beach, Fla., April 24.—Joseph Jefferson, the eminent actor, died at his home, "The Reefs," at Palm Beach at 6:15 p. m. The end came after a day of unconsciousness and after an heroic struggle of days which had exhausted his vitality. At his deathbed were his wife, his sons, Charles B. and Frank Jefferson; his nurse, Miss Mabel Bingham; Dr. R. B. Potter and his faithful servant, Carl Kettler.

The end was not a surprise to his family. Ever since his last sinking spell, which came after a rally on Thursday morning and which was followed by an apparent improvement until Friday, the family had been waiting for the end.

The sickness of Mr. Jefferson, which ended in his death, was contracted, it is believed, while on a recent visit to his son, Charles B. Jefferson, at Hobe Sound, a few miles above Palm Beach, where he went to meet his friend, former President Cleveland.

It is believed that from a slight infection in his eating there he suffered an attack of indigestion.

The body of Mr. Jefferson will be taken to Buzzards Bay on a special train, accompanied by all the members of his family. It will reach New York Tuesday morning and the family hope to reach Buzzards Bay the evening of that day.

Joseph Jefferson was born in Philadelphia, Feb. 20, 1829, and was looked upon as the dean of the dramatic profession in this country. He first appeared on the stage as a child and during his career had played in a number of foreign countries. His great reputation was made in Rip Van Winkle, which he played in almost every city in the United States.

RECEIVED WITH SORROW.

People of Buzzards Bay Get News of Joseph Jefferson's Death.

Buzzards Bay, Mass., April 24.—The progress of Joseph Jefferson's last illness was followed anxiously in this, his Cape Cod home, and the announcement of his death was received with genuine sorrow by the townspeople, to whom he had become a familiar figure during fifteen years of summer residence here.

So popular was Mr. Jefferson on Cape Cod that he had served for many years as the president of the Old Colony club. With former President Grover Cleveland he enjoyed many fishing excursions down Buzzards bay and along the brooks of Bourne and Sandwich. His principal pastime, however, was painting.

WITH EXPRESSIONS OF REGRET.

News of Joseph Jefferson's Death Received in New York City.

New York, April 24.—Mr. Jefferson was president of the Players' club in this city and the news of his death was received with expressions of regret on all sides. With Edwin Booth, Lawrence Barrett, A. M. Palmer and several others, Mr. Jefferson signed articles of incorporation of the Players' club in 1888 and he was elected to the board of directors. After the death of Barrett in 1893, Mr. Jefferson was elected president, and has been re-elected to that office at every annual meeting since.

Shock to His Son.

Boston, April 24.—The news of the death of Joseph Jefferson came as a shock to his son, Thomas Jefferson, who was to have opened an engagement here Monday night in the title part of "Rip Van Winkle," the play made famous by his distinguished father.

TRAGEDY FOLLOWS A QUARREL.

Maine Man Wounds His Wife and Kills Another Man and Himself.

Portland, Me., April 24.—Edward Hilton, aged sixty, during the day shot dead George Young, forty-five years old, slashed his wife about the head with a knife, inflicting fatal injuries, and then shot and killed himself.

The tragedy is said by the police to have followed a quarrel between the men regarding Mrs. Hilton.

Aged Man Ends His Life.

Washington, April 24.—A man about sixty-five years old, sparely built, with gray goatee and moustache and white hair, and whom the police authorities are convinced was Edmund P. Capron of St. Louis, committed suicide Saturday at a hotel here by swallowing cyanide of potassium. He evidently ended his life that his wife might be free.

Costly Fire at Camden.

Camden, N. J., April 24.—Fire during the day destroyed the grain elevator of Sutley & Sons, together with a large quantity of grain and several freight cars. Loss, \$150,000.

FOUR PERSONS BADLY HURT.

Trolley Car Runs Away and Jumps the Track.

Dubuque, Ia., April 24.—Thomas Moore was fatally hurt and three persons were severely injured during the day as a result of the rupture of a brake chain on an electric car while descending Hill street. The car contained sixteen passengers. It ran wild for 200 feet, left the track at a curve and tore the front out of a building. Moore, who was standing on the sidewalk, was struck by the car. His hip was broken and he was internally injured.

AMERICAN TREASURY ROBBED.

Wild Story Circulated Throughout Germany and Austria.

Washington, April 24.—All over Austria and Germany a story has been circulated that the United States treasury has been looted of every dollar by burglars in the employ of American millionaires, that \$268,000,000 is gone and that the North Atlantic squadron is chasing the cracksmen, who escaped on five ocean steamers.

This piece of news was printed in the Berlin Tageblatt on April 1, and received general credence, being reproduced in many papers.

Council Bluffs, Ia., April 24.—The jury in the Portland mining suit, in which James Doyle brought suit to recover an amount aggregating \$1,000,000, which he alleged was due him for his interest in the Tidal Wave, Bobtail No. 2 and Devil's Own claims, now a part of the property of the Portland Mining company, at midnight brought in a verdict for the defendant, James F. Burns.

INCIDENT REMAINS UNCLOSED.

But Japs Are Pleased With the Action of France.

Tokio, April 24.—The announcement that in response to Japan's representations France has promised the expulsion of the Russian Second Pacific squadron from Kamranh bay and affirmed her determination to maintain neutrality, is received here with pleasure and has relieved the tension of popular feeling, although it is believed that if Rojostvensky entered Kamranh bay for the purpose of finally preparing for a dash north the purpose was accomplished before he was ordered to leave. There is also a suspicion that Rojostvensky may simply make a technical removal from French territorial waters by going outside the three-mile limit. Hence the incident will remain unclosed until the Russians depart from Indo-Chinese waters.

ON JAPANESE SCOUTS.

Russian Squadron Reported to Have Opened Fire.

Paris, April 24.—The minister of colonies confirms the report of the departure of the Russian squadron from Kamranh bay. The Russian admiral, previous to his departure, called on Admiral Jonquiere. The meeting of the two admirals was most cordial. A message from Saigon to the Temps reports that the Russian fleet outside of Kamranh bay opened a heavy cannonading, probably on Japanese scouts. The Russian transports Kiel, Jupiter, Kniaz Gortchakoff and Kital are still at Saigon, the dispatch adds. A private dispatch from Saigon adds that Vice Admiral Rojostvensky is suffering from dysentery, but otherwise the officers and men of the fleet are in the best of health.

RUSSIAN SHIPS AT HAINAN.

Portion of Rojostvensky's Squadron Said to Be There.

London, April 24.—There have been rumors recently that a portion of Rojostvensky's squadron was at Hainan, near the promontory of Lienchau. If these rumors are true, it is supposed the whole squadron may reassemble there and endeavor in Chinese waters to continue coaling and other preparations.

Little attention is paid here to reported movements of the Japanese warships. It is considered that Vice Admiral Togo is not likely to lift the veil of secrecy except for the express purpose of misleading.

OFF CORREGIDOR ISLAND.

Three Japanese Warships Reported in That Vicinity.

Manila, April 24.—Three warships are now off Corregidor island. It is supposed here that they are Japanese vessels. Japanese Consul Marita Gori is hourly expecting the arrival of Vice Admiral Kaminura.

BIG RAILWAY MERGER.

One of the Most Important in the World Being Formed.

Toledo, O., April 24.—The Times says the Hollins-Zimmerman syndicate, in control of the Great Central lines, is gradually acquiring, by purchase or lease, new lines of railway and when their gigantic scheme of mergers is completed they will dominate a system which will be one of the most important in the world. It is possible that some of the deals for purchase now under negotiations will fall, notably that of the Louisville and Nashville railway, but if the deal for outright purchase fails, a traffic deal, providing for through freight and passenger trains between important cities, will be concluded. Thus the Great Central people will build up a community of interests system which will take rank with the Harriman, the Hill and the Vanderbilt communities as one of the chief factors in transportation. It will be a most active competitor of the Vanderbilt system—more so than that of any other system.

The Great Central lines now spread over Ohio, Indiana and Michigan. The Erie railway deal, long rumored and often denied, is to be concluded and the Erie will become a member of the new group of trunk lines. The Erie railway adds Pennsylvania and New York to the states patrolled by the system. And the Louisville and Nashville railway deal takes the Great Central from the Great Lakes to the Gulf, adding Kentucky, Tennessee, Georgia, Alabama, Florida and Louisiana to the territory covered.

Report that Negroes Answering Description of those Wanted Seen East of Here

POSSE WENT OUT AFTER THEM

But Report Was Found to Be Without Foundation and Chief and Posse Returned.

If two negroes had happened to be strolling around east of Brainerd this morning between 10 o'clock and noon and had shown any inclination to resist the demands of a posse that went out in search of the slayers of Miss Kintop, it is safe to bet that they would have been punctured so full of holes that their own relation would never recognize them.

About 8 o'clock this morning Chief Simmons received a telephone message from Ernest Jones stating that it had been reported by two young men that two negroes had been seen this side of the poor farm answering the description of the men who are supposed to have murdered the Kintop girl. The report was that the two Durham boys saw the negroes and it was also stated that they had frightened some of the women in the neighborhood and considerable excitement was created.

No sooner was the report received here than Chief Simmons and a posse of men started out in quest of the murderers. There were in the groupe M. J. Reilly, W. P. Locke, George Reardon, Frank Walker, Sam Parker and Chief Simmons. They had enough Winchester, etc., to capture a wing of the Japan army, and all were loaded for bear. Upon investigation it appeared that there was nothing to the rumor at all. When they got to Durham's everything was denied there and they claimed to know nothing of the matter at all. The officers are unable to run the story down.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. We Will Buy

A 50c. Bottle of Liquezone and Give it to You to Try.

We want you to know about Liquezone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquezone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquezone.

We Paid \$100,000

For the American rights to Liquezone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquezone destroys the cause of any germ disease.

Liquezone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

PASSES INTO HISTORY

FORTY-FOURTH SESSION OF MINNESOTA LEGISLATURE IS FINALLY ENDED.

LIVELY TIME IN THE HOUSE BEFORE THE LAST ADJOURNMENT IS TAKEN.

St. Paul, April 19.—The Forty fourth session of the Minnesota legislature has passed into history.

Both senate and house adjourned sine die at noon Tuesday.

The senate, with its usual conservatism, finished the half day with little of an exciting nature.

The house, however, clashed over the question of gratuities, and the majority by means of the time-honored custom of turning back the clock, prevailed to the extent that a number of persons were accommodated with gifts.

The house did not convene until 10:30 a. m.

At 11, the enrolling clerk, staggering under an enrolled copy of the revised code, entered the chamber.

Speaker Clague signed the bulky document and the event was greeted with cheers. A number of jocular motions, asking for the reading of the bill, followed.

On motion of O. E. Hogue, the pen with which the code was signed was presented to H. E. Craig of Sherburne county, the oldest member of the house.

A. L. Cole, R. L. Mork and J. R. Hickey were named to inform the governor that the house was ready to adjourn. They returned with the information that the governor had no communication to make, except to extend his thanks for courtesies rendered.

P. A. Gandrud, F. A. Carlson and A. K. Ware were named a committee to inform the senate that the house was on the eve of adjournment.

Ware's Resolution Tabled.

A. K. Ware raised a breeze when he offered a resolution calling for a general investigation of the books and accounts of the board of control. He said he was moved by criticisms from over the state, regarding the secrecy attending the placing of contracts and the purchase of supplies. The resolution went to the table on a motion to suspend the rules.

The giving of gratuities engrossed the finish of the session. It opened with a resolution giving two telephone girls \$150 each.

The roll call followed, and the first resolution prevailed by a vote of 191 ayes to 6 nays.

Next came a resolution calling for \$100 each for twenty-three employees. It was lost by a vote of 52 to 30.

On the proposition of \$150 each for five reporters, connected with the Duluth News-Tribune, St. Paul Globe, News, Pioneer Press and Minneapolis Times, a filibustering movement was started, for the purpose of carrying its consideration over the noon hour, when it would be lost.

This was prevented by Sherman Smith, a Minneapolis member, turning the clock back fully an hour. His action was both protested and applauded. It was done while W. P. Roberts was in the midst of a tirade against the resolution, and with the hands pointing within a few minutes of noon. On a vote the gratuity prevailed, 60 ayes to 22 nays.

The house then adjourned sine die. In the face of apparent defeat, George MacKenzie of Sibley county plucked from the bone heap the bill pensioning citizen soldiers of the Indian war of 1862. It carries \$10,000.

Mr. MacKenzie secured the passage of the bill, and it was then taken to the senate, where it was passed.

SENATE COMMITTEE REPORTS.

Submits Its Findings on State Auditor's Office.

The senate committee on public accounts, which had the reports of Public Examiner S. T. Johnson under consideration, came in with its report Tuesday. The document does not follow the lines of the house committee's report, although it is also something of a "whitewash." The significant point of difference between the senate and the house reports is found in the following paragraph:

"Undoubtedly the result of the examination made by the public examiner has been highly beneficial to the state, having brought about the adoption of better methods and more careful rules in the auditor's office relating to the management of its great public lands and mineral interests."

The remainder of the report is given over to an exonerated of the former and present auditor from charges of dishonesty.

The report of the committee was adopted without comment.

Lieutenant Governor Jones affixed his signature to the revised code and it was then sent to Governor Johnson for signature.

The senate defeated the resolution to pay the newspaper representatives the proposed gratuity.

The committees to inform the governor and the house that the senate was ready to adjourn performed their duties; resolutions eulogizing Lieutenant Governor Jones and thanking employees were adopted, and the senate then adjourned sine die.

W. A. Nolan's "reciprocal demerage" bill was killed by the senate. Governor Johnson has signed the revised code.

FATALLY WOUNDS AN ACTRESS.

Actor Edward Smedes Vainly Tries to End His Own Life.

Philadelphia, April 19.—Because she intended leaving the theatrical company of which both were members, Edward Smedes during the day shot Bessie Helen Davis at a theatrical hotel where they were both staying, inflicting a fatal wound near the heart, and then attempted to kill himself. The bullet flattened against his skull and he was not badly hurt. The couple were members of the chorus in "The Schoolgirl" company, of which Edna May is the star. The woman is known on the stage as Bessie Dale. She is twenty-three years old and her home is in Hebron, Neb.

The shooting occurred shortly after noon. Other guests at the hotel heard a pistol shot and immediately after Miss Davis ran screaming down the stairs and fell unconscious into the arms of a servant. A policeman, who was passing the hotel, ran into the place and when Smedes saw him he turned the weapon upon himself. The wounded couple were taken to a hospital. Smedes is guarded by two policemen.

The couple arrived at the hotel on Sunday and registered as Mr. and Mrs. Smedes. Miss Davis had obtained a position with a company now rehearsing at one of the local theaters, and the shooting followed quarrels with Smedes over her quitting the "Schoolgirl" company.

RAVAGES OF SPOTTED FEVER.

Five Children Dead and Three Others Dying Out of Two Families.

New York, April 19.—Five children dead and three dying is the record of the ravages of cerebro spinal meningitis in a tenement on Little West Twelfth street. These victims belong to the families of Mrs. David Darder and Mrs. James Fawley.

Mrs. Darder during the day visited the fourth of her four children carried to the New York hospital suffering from the malady last Tuesday. The other three have since died and Frank, a seventeen-year-old boy, is dying.

"Jimmie" Fawley is dead and his sisters, Mamie, aged seventeen, and Dora, aged ten, are in the hospital in a critical condition. There are five families with children in the tenement.

FRANCE UNJUST TO RUSSIA.

Paris Papers Say Rojstevsky Will Be an Easy Prey to Togo.

Paris, April 24.—Some of the newspapers of Paris, commenting upon the expulsion of the Russian Second Pacific Squadron from French territory waters in Indo-China, hold that France, in seeking to render exact justice to Japan, has been unjust to Russia. The Echo de Paris, which is strongly pro-Russian, says that France's insistence upon Rojstevsky's leaving Kamranh bay will have the effect of making him an easy prey to Togo, as the Russian ships, being driven from all points without being able to take on coal, must put to sea with half filled bunkers, being thus crippled at the moment of meeting the enemy. "And this is neutrality," scornfully observes the Echo de Paris. The same paper quotes the French regulations authorizing belligerents to take on sufficient coal to reach the next port, and maintains that the "next port" is Vladivostok. Therefore, the Echo de Paris asserts, France has not given her ally's squadron the benefit of French neutrality laws.

FOUR JURORS SECURED.

Defense Springs Surprise in Koch Murder Trial.

Mankato, Minn., April 21.—Four jurors have now been secured out of the twelve that will try Dr. George A. Koch, the New Ulm dentist, accused of murdering Dr. L. A. Gebhard. They are Joseph Waddell, a farmer of Geaurod, W. H. Wilcox, a manufacturer of Mankato, W. L. Rappley, a farmer of Jamestown, and O. T. Sover, a farmer of Mendo. The three last named were selected Thursday.

A sensation was sprung in the afternoon by the defense, just after Judge Cray had ordered a second special venire for fifty jurors, returnable Friday. Senator Somerville filed an affidavit alleging that Sheriff Williams of Blue Earth county was prejudiced. The court consulted with the attorneys, and then ordered the clerk of court to preface a special venire for thirty jurors and to present it to Coroner E. R. Kennedy to serve.

Sheriff Williams was taken completely by surprise by the affidavit. He did not desire to be quoted further than to the effect that he denied that he had shown any prejudice in the selection of the talesman on the special venire.

INVESTIGATE STRIKE.

Chicago Grand Jury Likely to Probe the Ward & Co. Trouble.

Chicago, April 21.—It is probable that the grand jury during the day will commence an investigation into the causes and progress of the present strike in the establishment of Montgomery Ward & Co. The members of the jury Wednesday passed a resolution setting forth that they would like to know something about the strike, and Thursday a delegation of prominent business men called at the office of State's Attorney Healey and held an extended conference with him. During this conference the history of the strike was reviewed.

The state's attorney promised to take the matter before the grand jury.

INDIA RUBBER.

Process of Tapping the Trees and Preparing the Sap.

India rubber, or caoutchouc, is a dry, coagulated, milky juice, the sap of trees and shrubs indigenous to the most unhealthy and inaccessible regions in the equatorial countries of South America, in certain areas of west Africa and the Uganda protectorate. The mortality among the natives in the quest for rubber is enormous. The natives are equipped for their hunts by the brokers and venture to the haunts of the caoutchouc trees in boats and by marches through miles of thick forests. But the climate carries off the rubber hunters like flies, and the percentage of those who return from the expedition is very low.

Many properties of a vegetable emulsion are possessed by the sap, which contains the caoutchouc in the form of myriads of minute globules. The process of tapping the trees for the sap is closely akin to the method of extracting sirup from the maple trees in North America. The sap is collected in large vats. The juice is then submitted to a heat and smoke treatment. A fire of palm nuts is made, and a pole is inserted in the vat containing the viscid fluid. When withdrawn from the vessel the end of the pole is smeared with the sticky substance. The rubber is then held in the smoke issuing from the palm nut fire until the sap coagulates. The treatment in the peculiar smoke effects the curing of the rubber.

When the operation is completed the pole with its charge is once more immersed in the vat of raw caoutchouc and the smoke and heat process repeated and so on several times until there is a large knob or accumulation of rubber upon the end of the pole constituted of hundreds of thin layers of rubber. The end of the pole is then cut out of the rubber, and the spherical mass is duly examined by the broker and labeled according to its quality.

ENTERTAINING ROYALTY.

The Task Is Always a Most Trying and Tedious One.

It must at times, despite the honor, be a somewhat tedious function for a British subject to entertain the king, for the house and all therein are for the time of the king's visit royal property. At luncheon or dinner the host and his guests remain standing until royalty appears. Then the host, if the queen or a princess be present, escorts her to the table, the hostess following with the king. If the king is alone he leads with the hostess.

Neither host nor hostess can give the signal for leaving the table, but must await the royal pleasure. If the queen or a princess be present, when she rises she is followed by the hostess, who for the moment is the lady in waiting. As it is not the proper thing for a servant to hand anything to a sovereign, when tea or coffee is served it is first handed to the hostess, who herself offers it to the king or queen. Oddly enough, finger glasses at dessert are, when royalty dines, placed for them only. When the sovereign dons a wrap no servant is permitted to help, but a lady or gentleman must assist.

Another rule is that if there is card playing for money coin fresh from the mint must be on hand for the occasion. The guests for these royal house parties are selected by the royal personages often weeks and sometimes months in advance, and an invitation to them is really royal command. These house parties are always very small, and it goes without saying of the very smart set.—Philadelphia Ledger.

Snubbing a Grand Duke.

When the Russian Grand Duke Sergius, who was blown to pieces with a dynamite bomb, was governor of Warsaw he thought it would be a good idea if the people of that city would contribute to a fund with which to buy sunflower seeds to be given to the Russian soldiers, who are very fond of chewing them. Sergius announced that every one sending money would be given a receipt, but those sending 1,000 rubles (\$510) or more would be thanked personally by himself. It is said that the response was excellent. But, though no one sent in 1,000 rubles and asked to be thanked personally by the grand duke, many sent in 999 rubles and asked for the receipt.

A Chinese-Jewish Colony.

There is said to be a Chinese-Jewish colony in the Yangtsekiang valley in China. This colony has existed since 200 years before the Christian era. Its people have a synagogue in which they attend worship, extract the sinews from flesh before eating it, erect tablets to Moses and Abraham and are called by some "blue capped Mohammedans" because of their blue head-dress. Otherwise they are but little different from other Chinese citizens, hold high offices in the land at times and because of Chinese tolerant principles have never been persecuted or oppressed.

Smoothing It Over.

"I have come," said the old subscriber, "to complain about your report of my daughter's wedding." "What was the matter with it?" demanded the editor. "Well, her name is Gratia, but you printed it 'Gratts'."

"That's not so bad. She was given away, wasn't she?"

PASSES INTO HISTORY

FORTY-FOURTH SESSION OF MINNESOTA LEGISLATURE IS FINALLY ENDED.

LIVELY TIME IN THE HOUSE BEFORE THE LAST ADJOURNMENT IS TAKEN.

St. Paul, April 19.—The Forty-fourth session of the Minnesota legislature has passed into history.

Both senate and house adjourned sine die at noon Tuesday.

The senate, with its usual conservatism, finished the half day with little of an exciting nature.

The house, however, clashed over the question of gratuities, and the majority by means of the time-honored custom of turning back the clock, prevailed to the extent that a number of persons were accommodated with gifts.

The house did not convene until 10:30 a. m.

At 11, the enrolling clerk, staggering under an enrolled copy of the revised code, entered the chamber.

Speaker Clague signed the bulky document and the event was greeted with cheers. A number of jocular motions, asking for the reading of the bill, followed.

On motion of O. E. Hogue, the pen with which the code was signed was presented to H. E. Craig of Sherburne county, the oldest member of the house.

A. L. Cole, R. L. Mork and J. R. Hickey were named to inform the governor that the house was ready to adjourn. They returned with the information that the governor had no communication to make, except to extend his thanks for courtesies rendered.

P. A. Gandrud, F. A. Carlson and A. K. Ware were named a committee to inform the senate that the house was on the eve of adjournment.

Ware's Resolution Tabled.

A. K. Ware raised a breeze when he offered a resolution calling for a general investigation of the books and accounts of the board of control. He said he was moved by criticisms from over the state, regarding the secrecy attending the placing of contracts and the purchase of supplies. The resolution went to the table on a motion to suspend the rules.

The giving of gratuities engrossed the finish of the session. It opened with a resolution giving two telephone girls \$150 each.

The roll call followed, and the first resolution prevailed by a vote of 101 ayes to 6 nays.

Next came a resolution calling for \$100 each for twenty-three employees. It was lost by a vote of 52 to 30.

On the proposition of \$150 each for five reporters, connected with the Duluth News-Tribune, St. Paul Globe, News, Pioneer Press and Minneapolis Times, a filibustering movement was started, for the purpose of carrying its consideration over the noon hour, when it would be lost.

The house then adjourned sine die. In the face of apparent defeat, George MacKenzie of Sibley county plucked from the bone heap the bill pensioning citizen soldiers of the Indian war of 1862. It carries \$10,000.

Mr. MacKenzie secured the passage of the bill, and it was then taken to the senate, where it was passed.

SENATE COMMITTEE REPORTS.

Submits Its Findings on State Auditor's Office.

The senate committee on public accounts, which had the reports of Public Examiner S. T. Johnson under consideration, came in with its report Tuesday. The document does not follow the lines of the house committee's report, although it is also something of a "whitewash." The significant point of difference between the senate and the house reports is found in the following paragraph:

"Undoubtedly the result of the examination made by the public examiner has been highly beneficial to the state, having brought about the adoption of better methods and more careful rules in the auditor's office relating to the management of its great public lands and mineral interests."

The remainder of the report is given over to an exoneration of the former and present auditor from charges of dishonesty.

The report of the committee was adopted without comment.

Lieutenant Governor Jones affixed his signature to the revised code and it was then sent to Governor Johnson for signature.

The senate defeated the resolution to pay the newspaper representatives the proposed gratuity.

The committees to inform the governor and the house that the senate was ready to adjourn performed their duties; resolutions eulogizing Lieutenant Governor Jones and thanking employees were adopted, and the senate then adjourned sine die.

W. A. Nolan's "reciprocal demurrage" bill was killed by the senate. Governor Johnson has signed the revised code.

But the climate carries off the rubber hunters like flies, and the percentage of those who return from the expedition is very low.

Many properties of a vegetable emulsion are possessed by the sap, which contains the caoutchouc in the form of myriads of minute globules. The process of tapping the trees for the sap is closely akin to the method of extracting sirup from the maple trees in North America. The sap is collected in large vats. The juice is then submitted to a heat and smoke treatment. A fire of palm nuts is made, and a pole is inserted in the vat containing the viscid fluid. When withdrawn from the vessel the end of the pole is smeared with the sticky substance. The rubber is then held in the smoke issuing from the palm nut fire until the sap coagulates. The treatment in the peculiar smoke effects the curing of the rubber.

When the operation is completed the pole with its charge is once more immersed in the vat of raw caoutchouc and the smoke and heat process repeated and so on several times until there is a large knob or accumulation of rubber upon the end of the pole constituted of hundreds of thin layers of rubber. The end of the pole is then cut out of the rubber, and the spherical mass is duly examined by the broker and labeled according to its quality.

ENTERTAINING ROYALTY.

The Task Is Always a Most Trying and Tedious One.

It must at times, despite the honor, be a somewhat tedious function for a British subject to entertain the king, for the house and all therein are for the time of the king's visit royal property. At luncheon or dinner the host and his guests remain standing until royalty appears. Then the host, if the queen or a princess be present, escorts her to the table, the hostess following with the king. If the king is alone he leads with the hostess.

Neither host nor hostess can give the signal for leaving the table, but must await the royal pleasure. If the queen or a princess be present, when she rises she is followed by the hostess, who for the moment is the lady in waiting. As it is not the proper thing for a servant to hand anything to a sovereign, when tea or coffee is served it is first handed to the hostess, who herself offers it to the king or queen. Oddly enough, finger glasses at dessert are, when royalty dines, placed for them only. When the sovereign dons a wrap no servant is permitted to help, but a lady or gentleman must assist.

Another rule is that if there is card playing for money coin fresh from the mint must be on hand for the occasion. The guests for these royal house parties are selected by the royal personages often weeks and sometimes months in advance, and an invitation to them is really royal command. These house parties are always very small, and it goes without saying of the very smart set.—Philadelphia Ledger.

Snubbing a Grand Duke.

When the Russian Grand Duke Sergius, who was blown to pieces with a dynamite bomb, was governor of Warsaw he thought it would be a good idea if the people of that city could contribute to a fund with which to buy sunflower seeds to be given to the Russian soldiers, who are very fond of chewing them. Sergius announced that every one sending money would be given a receipt, but those sending 1,000 rubles (\$510) or more would be thanked personally by himself. It is said that the response was excellent. But, though no one sent in 1,000 rubles and asked to be thanked personally by the grand duke, many sent in 999 rubles and asked for the receipt.

A Chinese-Jewish Colony.

There is said to be a Chinese-Jewish colony in the Yangtsiekang valley in China. This colony has existed since 200 years before the Christian era. Its people have a synagogue in which they attend worship, extract the sinews from flesh before eating it, erect tablets to Moses and Abraham and are called by some "blue capped Mohammedans" because of their blue head-dress. Otherwise they are but little different from other Chinese citizens, hold high offices in the land at times and because of Chinese tolerant principles have never been persecuted or oppressed.

Smoothing It Over.

"I have come," said the old subscriber, "to complain about your report of my daughter's wedding." "What was the matter with it?" demanded the editor. "Well, her name is Gratia, but you printed it 'Gratts'."

"That's not so bad. She was given away, wasn't she?"

Its Delight.
